NOV 2019

Dear Dentist

The Dorset Local Dental Committee reminds all dentists locally that they are entitled to attend the meetings of the LDC to observe proceedings and to ask questions. The LDC performs a vital role negotiating on your behalf with the local Area Team and dealing with other matters concerning NHS general dental practitioners.

There are important issues to be discussed, and the involvement of practitioner numbers elevates the influence this Committee is able to exert on surrounding bodies, advantaging both our patients and our practices. With this in mind the next meeting of the Dorset LDC will take place at

**RNLI College POOLE on
TUESDAY 12th NOV @1915**

Coffee & Sandwiches before the meeting that commences @ 1945

The LDC has been informed that these meetings may be counted as a CPD. Interested practitioners who wish to attend as observers must contact the Clerk as above in good time in order to “book in” so that seating & catering can be arranged.

Clark to Dorset LDC
